

## Hildegarde Whitford

March 22, 1955 - January 18, 2026

Sadly, Hildy passed away after a valiant battle with pancreatic cancer. Despite this and her other health issues that kept her mostly home-bound, she was always cheerful and greeted you with a big smile and a sparkle in her eyes. She was very appreciative of anything done for her; and even though she was in-and-out of the hospital many times over the past 2 years, her disposition never changed. The nurses always said she was a delight.

Thank you to the various teams at the Royal Alexandra Hospital for your compassionate care of Hildy.

Hildy was one of Jehovah's Witnesses and it was her faith and her hope in God's promise of a future paradise earth, where she will be healthy again, that kept her so positive. Though she could only attend congregation meetings virtually over zoom, she participated when she could and everyone appreciated her faith-strengthening and sometimes "straight-shooting" comments. Her friends in the Highlands congregation will miss her.

Hildy was predeceased by her husband Brett in 1991 and her only child Kathy in 2010.

Cremation has taken place and there will be no formal service as per her wishes.
