

Ian (Jon) Ross

May 19, 1952 - July 18, 2025

Ian passed away suddenly in Edmonton on July 18, 2025 at the age of 73.

He will be sadly missed by his many friends, family, work place associates at Harlund Industries and by his very close friend Myrtle.

Ian (Jon) is survived by Brothers Glen and Colin, Sisters Janice, Gail, Karen along with their spouses Karen, Ben and Paul.

He was born with an inquiring mind. Always curious, Ian took apart machinery, electronics and many of his siblings toys in order to figure out they worked. Always a multi-talented person, Ian worked at various times as a chef, recording engineer, jewellery maker and electronics technician. In grade eight Ian constructed a ruby laser for the science fair. This led to a 37 year career working with industrial lasers.

Above all, Ian's sense of humour was unsurpassed!

A celebration of life will be celebrated at a time yet to be determined.

If friends so desire, memorial donations may be made directly to City of Edmonton Animal Care and Control Centre. 13550-163 St NW T5V 0B2

“ My condolences to Ian's family and those of us who've been his friends over the years. We lived in The Shire in the 70s, worked at Bruno's and kept in touch on and off afterwards over the years. He was a great listener when my husband Jerry died from cancer. We shared a love of birds, especially my Riley and his Myrtle. I'm so sorry to lose such a kind friend.

“ I'm very sorry to learn about Ian's sudden passing. I met Ian around 1984 when I was learning about studio recording and he was the teacher. We kept in touch over the years now and again. In fact, I was to help him with a medical appointment sometime this August but could not reach him. Now I know why. I'm very sorry for the family's loss. Rest well, Ian, my friend.
